TWO GOOD BULLS FOR EDGERTON DISTRICT

"Village Commodore," a yearling shorthorn bull entered by P. Talbot and Son of Lacombe, topped the bull sale at the arena yesterday, bringing a price of \$350. The purchaser was T. S. McAfee of Edgerton, who is well satisfied with the animal, which shows every indication of developing into a sire of unusual merit. This bull captured the championship in shorthorns Monday, and is considered by leading stockmen to be an exceptionally fine specimen of the breed. Sired by Dale Commodore and out of Coulee Rose 26th, the bull has a real background and is not lacking either in quality or general conformation.

E. M. Roberts and Son of Castor came in for second highest price in shorthorns with a two-year-old that was sold to N. Edleston of Edgerton for a price of \$325. This is a splendid animal showing splendid quality and should be a good herd header.

EDGERTON W. I. MEETING

The monthly meeting of the W. I. held in the church on Thursday last, was opened by singing "O Canada."

After the roll call, which was answered by your favorite composer, a new member was enrolled. Minutes of previous meeting were read and approved. A letter was read from Mrs. Eakin who is now resident in Loughheed.

Appointing a delegate for the forthcoming convention was the next business of the meeting; the secretary, Mrs. Kimball, receiving the appointment. Mrs. Warnock was appointed convenor of immigration, to meet all incoming immigrants.

Mrs. Challenger then gave a paper on pioneering in this district, which was very interesting, recounting their many experiences, when Lloydminster used to be their nearest shopping point. Miss Hazel Tranmer, accompanied by Mrs. Smith, sang a solo; and Master Charles Davidson with the same accompanist, greatly delighted the audience with a violin solo, which was enjoyed. Mrs. Smith then followed with another number and after business had been completed, the members hied themselves to the home of Mrs. Compton where a dainty lunch was served by Mrs. Warnock and Mrs. Compton as hostesses.

ANNUAL BULL SALES

Annual bull sales took place recently at Calgary and Edmonton. The average price at Calgary was \$129.64 with 405 animals offered. At Edmonton the average was \$118, for 67 animals offered. The top price was paid for shorthorn calf, champion of the sale bred by Dr. Talbot, and sold for \$350.

IMPORTANT MATTERS DISCUSSED BY CHURCH MANAGERS OF DISTRICT

The new Board of Manager Mr. T. H. Saul, Mr. A. E. Keith, Mr. D. W. Parcels, Mr. O. Hawthorn and Mr. W. J. Cubitt, held their meeting. Mr. Parcels was appointed chairman and Mr. Hawthorn was appointed Secretary-Treasurer.

It was decided that Rev. McLagan of Wainwright be invited to meet the joint Board to discuss the Union question.

On the 15th of April a joint District Board meeting was held in the office of Mr. T. H. Saul. Among those present were Messrs T. Armour, G. McEwen, H. Young and Mr. and Mrs. H. Foreman of Killarney; W. Petrie and P. H. Perry of Edinlassie; C. Miller and A. Ferguson of Prosperity; J. Moir and G. Gibb of Airlie; O. Hawthorn; A. E. Keith; D. W. Parcels; T. H. Saul and W. Cubitt of Chauvin.

Rev. McLagan was present and satisfied the Board by his explanation of some points in connection with the Union. This meeting unanimously decided to take immediate action by notifying the whole congregation that both Acts of Parliament have given every congregation the privilege of saying whether or not they enter the United Church. It was discussed that the Chauvin congregation would do well to consider that they now have a voice in deciding who is or who is not to be their minister; the Rev. P. Ferguson MacSween having been notified by a minister who is very active in the interest of Union that his (Rev. MacSween's) services at Chauvin cease the last Sunday of May.

Rev. MacSween suggested an exchange of services with some other minister, who would take care of Chauvin during the voting period, but the suggestion was not considered. The meeting unanimously wished Rev. MacSween to take charge of the whole situation carrying it out according to the act.

BASKET SOCIAL

AT BULL CREEK

The basket social and dance at the Bull Creek school on April 17 was a great success. Everyone enjoyed themselves. The proceeds which were to purchase a basket ball outfit doubled the amount expected. Bidding was rapid and only three gentlemen were left without a basket. Both Hayter and Chauvin were represented. Rain during the night prolonged the entertainment until daylight.

A fine string broom for 60c at Saker's.

Save many hours of tiresome walking. Buy a harrow cart from I. E. Collette.

STEER FEEDING AT SCOTT FARM

The steer feeding experiment conducted at the Scott Experimental Station during the winter has just been closed. The experiment consisted of a test of prairie hay, oat sheaves, half ration of sunflower silage, a full ration of sunflower silage and straw only. Each of the five lots received the same grain ration. All lots received as much straw as they would consume.

The profits per head above cost of all feeds were as follows: prairie hay \$6.29, sheaves \$5.60, half ration of silage \$8.49, full ration of silage \$6.62 and the lot receiving only straw \$9.36. The greatest gains were made on full silage ration but the cost of the silage reduced the profits. The straw used was oat straw which contained considerable second growth due to the peculiar season of 1924. This high quality straw at \$2.00 per ton resulted in the greatest profit although the other lots received in addition to the roughage supplied as much of the same kind of straw as they would consume.

The steers cost at Scott on November 27th \$4.30 per hundred and were valued at \$6.00 per hundred F.O.B. Scott on March 23rd. The average daily gain for the entire period for all steers in the respective lots was 2.07 pounds per head.

The Scott feeder steers in conjunction with the other Western and Eastern Experimental Farms are now en route to the British market.

Have you tried "Radio" peas. They're delicious. A No. 2 tin at Saker's only 20c.

WESTMINSTER CHURCH CHAUVIN

Sunday, April 26th 1925

S. S. Chauvin 11 a.m.
Prosperity Service .. 1.30 p.m.
Airlie Service 3.30 p.m.
Chauvin Service 7.30 p.m.

Soloist, Mr. T. H. Saul

Everybody is cordially invited to these services.

It is found to be the unanimous wish of the whole congregation of Chauvin and district to take a vote on the Church Union issue. Every step in this connection is taken on the basis of the condition laid down in both the Federal and Provincial Acts. The vote can be taken legally on the evening of the 26th of April, after the evening service. The meeting will be open for asking any question, or for having a little discussion on the question before taking the vote. I am hoping everybody who can will be present.

P. Ferguson MacSween.

CHAUVIN VETERANS ENTERTAINED AT A RADIO BIRTHDAY PARTY

A number of the Chauvin G. W. V. A. comrades were entertained at the home of Mr. and Mrs. T. H. Saul last Wednesday evening. The special feature of the party being the reception of the special programs broadcasted in honor of the birthday of this organization. The speeches and other features of the program came in very clearly and the evening was heartily voted an entire success.

PLANTING TREES AT PROSPERITY SCHOOL

One hundred and eight maple trees were planted in the Prosperity School grounds last Friday by W. Cargill in accordance with the instruction of the school trustees. The ground had been cultivated last year in readiness, and we hope the rain which fell immediately after the trees were planted will ensure a good vigorous growth.

NO CHAUVIN SCHOOL FAIR THIS YEAR

Owing to the failure of the rural schools to send in representatives to the meeting at the Chauvin school last Friday evening, no Chauvin District School Fair will be held this year.

Notices had been sent to local school districts, but Mr. and Mrs. Perry were the only representatives to attend. Mrs. T. H. Saul attended as representing the Chauvin trustees, and Miss Douglas and Miss Code representing the Chauvin teachers. Mr. W. Elliott of the Vermilion school was present, but in view of the lateness of the season and the apparent lack of interest, it was decided that no steps could be taken to hold a school fair this year.

ELECTION RESULTS

The polling in division 5 of the Municipal District of Ribstone on April 8th for the election of a councillor resulted in a clear majority of twenty-three votes in favor of Charles Atkinson; who is declared elected by the returning officer.

The voting was as follows:
Atkinson, Charles .. 31
McCluskey, John .. 8

Rogers Golden Syrup is a pure syrup, a ten lb pail for only 95c at Saker's.

Nearly a quarter of a million bushels of oats grown in Alberta were shipped to New Zealand last winter for seed purposes.

Man in the Moon is at the Chauvin Pharmacy. You can get him for 10c.

RIBSTONE MUNICIPAL COUNCIL MEETING

The regular meeting of the Municipal District of Ribstone was held in the council chamber at Chauvin, April 18th, 1925, at 1.30 o'clock in the afternoon.

Present: Reeve Ferguson and Cllrs. Atkinson, Meurin, Lang, Sewell and Tunney, Reeve Ferguson presided.

Oath: Secretary reported that Cllr Atkinson had been duly elected as Councillor for Division 5 in place of Cllr. R. McCluskey, and that he had subscribed to the oath of office.

Minutes of last regular and special meeting were read, and Cllr. Tunney moved that same be adopted as read. Carried.

Auditor: Letters were read from applicants; in addition to two new applications, Messrs Patriquin and Johnstone and Mr Allan both stating that, in addition to the fees, railway fares and hotel expenses would have to be paid if the books were to be audited in Chauvin. The last auditors expressing the view that this was not necessary as the present system had worked out quite satisfactorily. It was shown that the additional cost might amount to about \$35. After some discussion Cllr Lang moved that Messrs Patriquin and Johnstone be re-appointed as auditors for the year 1925; and that they come to Chauvin to execute the same; the remuneration to be the same as before. Carried.

Grants: A representative appeared from the Salvation Army, asking that the council make the same grant as last year to the Rescue Home fund. Cllr Lang was in sympathy, but would reduce the grant to \$25. Believed in individual contributions rather than grants out of the taxes. Cllr Sewell did not see any economy in adding more expense on the audit and taking it out of a cause like the Salvation Army. Reeve Ferguson looked on such a grant as good insurance along a certain line, and moved that a grant of \$50 be made the same as last year. Cllr Lang moved an amendment that grant be made of \$25. There voted for the amendment, Cllrs. Lang, Meurin and Atkinson against Cllrs. Ferguson, Sewell and Tunney. Reeve declared the amendment lost. Further discussion then took place, Reeve Ferguson pressing for the larger grant on the grounds that the Rescue Homes were a benefit to all denominations alike and was beneficial to Municipal Districts indirectly by way of keeping down relief which would otherwise have to be borne by them. The motion was then put, and there voted for: Reeve Ferguson and Cllrs. Sewell, Tunney, Lang and Meurin. Against: Cllrs Atkinson. Reeve declared the motion carried.

Messrs. Ryall and Tooth attended to request a grant of \$150 for (Continued on page four)

MINERAL PRODUCTION
IN ALBERTA

Mineral production in Alberta totalled in value \$22,749,662, in the year 1924, according to the preliminary report on mineral production issued by the Dominion Bureau of Statistics. This is a decrease from the production of the previous year, accounted for chiefly by the coal strike during the early part of the year. Alberta in 1924 dropped to the fourth place in mineral production in the provinces, having previously held third place. The figures on value of mineral production in the province for the past three years are as follows:

1922	\$27,872,136
1923	31,287,536
1924	22,749,662

Coal production for the year was valued at \$19,101,209 compared with \$28,018,303 in 1923. Clay products were valued at \$539,581 compared with \$590,565 in 1923.

Alberta runs a very close second to Ontario in the production of natural gas, Alberta's production in 1924 having been 7,100,000 thousands cubic feet, while Ontario's production was 7,422,512 thousand cubic feet. These two provinces produce almost the entire Canadian production of natural gas.

Alberta's production of lime in 1924 was valued at \$36,126 and the production of stone at \$19,317 in 1924.

Since the year 1924, a total of 531 tons of tar sands have been taken out of the deposits near McMurray for experimental purposes. The total importation of asphalt into Canada was 18,070 tons in 1924.

Lloyd Reynolds, Treasurer

SASKATCHEWAN
CROP REPORT

The first crop report issued for April by the Statistics Branch, Department of Agriculture, shows wheat seeding has started in several districts. It is expected that seeding will be pretty general all over the province by the end of next if the weather is favorable next if the present favorable weather continues. The spring soil is in excellent condition with a good supply of moisture.

No material change in the acreage of wheat is forecasted although indications point to a slight increase.

Practically all grain beyond requirements has been marketed. In the southern districts there is a sufficient supply of seed grain, but in some of the northern districts farmers will have to buy seed especially oats.

A long winter with deep snow has been hard on live stock. In the southern part of the province live stock have come through in fair condition. In the north, the early disappearance of the snow has come as a welcome relief in many districts where a shortage of food was showing its effect on the animals.

The potato crop last year was below the average and in several districts there is not sufficient supply locally to meet the requirements either for seed or table use.

1 lb boxes of Neilson's Chocolates "Shop in Shovin" price. 35c per box. Chauvin Pharmacy

CELERY CULTURE

Celery requires not only a good supply of water but it must also have a liberal supply of plant food, which say Messrs McKillican and Cooper in Bulletin No. 43 of the Dominion Department of Agriculture, can be best obtained by digging rotten manure into the bottom of the trench before planting the celery out in the garden. As celery seed soon loses its vitality it is advisable to test it for germination before using. The seed should be sown thinly in the hotbed or in boxes as early as possible in the spring or can be started in the house in March or early in April. The seed should be barely covered with a sprinkling of soil, which should be pressed down. Thinning should be done when the plants are large enough to grasp with the fingers and the beds should be watered frequently, the earth being kept moist to the surface. The time for setting out in the garden is usually early in June. A trench about a foot deep and spade width, with well-ferred. Shade is necessary until bottom and covered with soil, is required. The plants are set in the trench about 6 inches apart in a double or single row as preferred. Shade is necessary until the plants start growth and the water, which should be used liberally should be free from alkali. Shallow cultivation is desirable and thorough cultivation maintained until the celery is moulded up. When the plants have formed stalks of sufficient length it is time for blanching. Moulding up should not be done when the soil is really wet, as it would be likely to stick to the plants and discolor them.

Gophers, at reduced prices, for sale at the Chauvin Pharmacy

A small girl, late for school, excused herself by saying she had lingered on the way in order to see the Devil's funeral.

"The Devil's funeral!" said the teacher; "what nonsense is this?"

"Well," replied the child, "I am sure it was the Devil, because I heard a man saying 'Poor Devil—only three days ill.'"

"I wonder if this is the cat's pyjamas?" mused the old gentleman as he picked up some of his wife's lingerie.

EDITORIAL COMMENT

The necessity of taking a vote on the Church Union question has been forced upon this community at the last moment in a rather unusual manner. It now appears that the Union party have assumed that the Chauvin field is their own; and they have served notice upon the present minister that his services will not be required at this point after May next. This dictatorial action is most certainly NOT appreciated by the majority of the local folk who support the local services by their contributions and attendance. It also brings to light the more significant fact that the Union party fully intend to appropriate the local church property.

The history of our local church reveals that long before the Church Union question became a matter of political action we had already solved the problem by co-operation. All sections of the Protestant church have united in action and influence; and by their united labors and contributions have created church property worth several thousand dollars; as well as having carried on church work continuously for over twelve years.

We hold no brief either for the Presbyterian church or the newer Union body. In fact we, like the majority of our Protestant readers, do not belong to either of these organizations; but we do hold a brief for the large body of local church workers. A number of these workers, like ourselves, belong to Christian churches which have not entered, and do not intend to enter, a political form of Church Union; but rather are well content to work harmoniously and co-operatively with Christians of other denominations, in order that the common cause of Christianity will be the better served. The local success of this policy is the greatest vindication of the necessity of its continuance.

However, we are forced to go to vote on the question as to whether the local church property shall be acquired by the new Church Union party (as that party has assumed it will), or whether we continue our church work under the harmonious arrangements which have, during the whole of our local church history, been maintained with the Presbyterian Church.

Are we going to prosper better under a regime which compels us to dispose of a minister we already have, and to accept only such ministers as a far-off central committee may care to send us? Are we going to prosper better by transferring our titles of church property to a new and un-tried body? Are we going to have better congregations under a so-called Church Union which includes but a part of only three branches of the Protestant church in Canada, while the majority of such churches, with perfectly good reason, remain outside the Union.

We are not. The existing arrangements have very fully demonstrated that we now have the closest approach to Church Union (in the real and actual sense of Church Union) that it is possible for a district of this stage of development and population to have. Year by year we have grown a little stronger financially, despite all difficulties, and now that we have attained the stage of growth that makes it possible for us to call and select our own minister, we do not wish to throw away, once and for all, this privilege. Nor do we wish to barter away our church property.

In the early days a vote on Church Union was taken in the Chauvin field. At this time a large number of the church supporters outside the proposed united denominations properly abstained from voting, feeling that the parties concerned were entitled to what has been termed "self-determination." Now the question of voting assumes quite a different phase, the issue at present being:— Shall we submit ourselves to the new and untried organization; and shall we pass the title of our church property to them?

If the whole question of Church Union were to be finally settled by our disposing of our property to the new body we might consider the question in that light; and even be prepared to make considerable sacrifice for this worthy object. But political action has never yet united the Christian church; rather it has accomplished the reverse by increasing the number of sects. Will local Anglicans, Baptists, Plymouth Brethren, Christian Scientists and others find it more easy to co-operate with the local church under the new regime? Certainly not. And until a really worth while solution of the much vexed question of Church Union is brought forward the local congregations will do well not to throw away the advantages they now possess and enjoy for the shadows of uncertainty.

Husbands. Go home and kiss your wives. You have not done it for years—Gipsy Smith

England was made by her woman and her homes—Gilbert Frankau.

Until we get the conception of complete equality between man and woman embodied in family life we shall not get the best of family life—Rev. H. Grey

L. D'ALBERTANSON, Editor & Proprietor, Alberta Press & Canadian Weekly Newspaper Associations

Bringing the West to the East

1—Empress Hotel, Victoria, with dome of Houses of Parliament on right; 2—Airplane view of Lake Louise and Chateau; 3—Crossing the Wolverine Pass in the Rockies; 4—Trail Riders in the Yoho Valley.

Not the smallest part of the education of a Canadian Teacher should be a knowledge of the Dominion, derived from personal contact with its vast areas. When in addition the West is brought home to the East by a tour covering most of the former's points of interest, commercial, agricultural and scenic, then a very valuable addition to one's knowledge of one's own country has been consummated.

This is the object of the 21-day tour of Canada which is now being arranged by the Canadian Teacher's Federation in repetition of their very successful similar trip last summer. The party will leave Toronto west-bound July 20 and will be back in that city August 10. It will be under the personal direction of Professor Sinclair Laird, Dean of the School for Teachers, MacDonald College, Quebec. The journey out and return will be over Canadian Pacific Railway lines, motors and boats and stop-overs will be arranged at points of interest.

Starting from Toronto in the afternoon, the train passes through a land of beautiful lakes, the Muskoka region, reaching Sudbury and continuing through the big game district of Northern Ontario and skirting the shores of Lake Superior for many miles before arriving at Port Arthur and Fort William, the twin cities where most of the western grain is stored. A day is spent in Winnipeg, the centre of the greatest grain marketing and inspection point in the Empire. Half a day is spent in Regina and Moose Jaw is reached the same day.

Then on to Calgary where the last of the prairie country is covered and the foot hills of the Rockies commence. Passing next day through the Gap, the gateway of the Rockies, where the roadway is hewn through the solid rock, Banff is reached on the first Saturday of the trip.

At this point the traveller enters fairyland. Banff is the headquarters of the Rocky Mountains Park, a region of 2,751 square miles, covering rivers, lakes and mountain scenery of unsurpassed grandeur. The weekend is spent in this district. Drives and automobile trips here make a pleasant contrast with the train journey and the wonderful sights will live long in memory. There is Lake Louise, an exquisitely colored limpid mirror of glaciers and snow-crowned peaks and the brilliant blue of the sky with its argosies of fleecy clouds. Mounts Stephen, Chancellor and Sir Donald rise into view as the Great Divide is crossed and the marvelous Yoho Park is traversed. Canyons, caves, valleys, deep gorges, passes twinkle past the train in its journey which is sometimes slowed up to admit of a more lasting impression. The scenery is so perfect that to avoid missing any the train does not travel at night and continues its journey at dawn. For 250 miles it passes through the Great Canyons of the Thompson and Fraser Rivers and the long day of fifteen hours is one unbroken pasture of delight. Vancouver is at last reached and a short but interesting boat trip is made across the straits of Georgia to Victoria with a panoramic

view of beautiful islands, bays and rocky headlands and the snow-capped mountains of the Coast ranges and the Olympics as a background.

The return journey takes us through the Cascade Mountains and the Kelowna Valley to Nelson, commercial centre of the Kootenay district. An overnight journey ends at Lake Windermere where after a trip to the Camp there is a motor run of 104 miles over the newly completed Banff-Windermere Highway through awe-inspiring scenery. Saturday, Sunday, Monday and Tuesday—four full days—are taken up with the above. Then commences the trip across the prairies to the head of the lakes which is reached via Edmonton and Saskatoon to Lake of the Woods district. A full 24 hours is spent among the sights of this wonderful Lake district and then the trip goes on to Fort William. From this point the journey is continued by boat through Lakes Superior and Huron to Port McNicoll whence Toronto is reached four hours later, and the trip completed.

It is difficult to conceive of a more healthy or a more diversified holiday than the one outlined above. In addition it brings home to the participant the glory of Canada in a way that is unequalled in so short a time. No one can take such a trip and not return from it bigger, wiser, more conscious of Canadian nationhood. And such an experience must of necessity be invaluable for those whose profession it is to teach the next generation of Canadians.

Chauvin,

Alberta

Cluskey attended for the purpose of discussing the matter of the account of Dr. Melling, referred back at a former meeting, with regard to charges made for attendance at the home of Mr. H. Morrow, Jr. Clr. Atkinson moved that this be tabled, and that the Secretary obtain copy of Dr. Melling's account for next meeting. Carried.

Cancellation: Mr. Jonathan Osborne requested that the 1924 taxes be cancelled at the S.W. 21-42-3 W4M; he having surrendered same in April 1924. Clr. Atkinson moved that this be done, if proof was filed with the Secretary to the effect that the land was surrendered before June 1st 1924. Carried.

Seed Grain: Letters were read from two rate-payers, asking for an advance for seed grain. Clr. Meurin moved that no advances be made for seed grain or feed. Carried.

Loans: Clr. Lang reported having authorized the loan of \$150 to F. J. LaPlante for Hospital account and expenses—suitable security having been provided; and moved that this be approved. Carried.

Reeve Ferguson reported having authorized a relief loan of \$25 to W. Montgomery—and moved that this be approved. Carried.

Machinery: Mr. W. O. Harris appeared for the purpose of asking for the orders of machinery required by the Council for the year and, after careful consideration, the following orders were given: for divs. 2, 4 and 6, two road maintainers at \$200 each f.o.b. Saskatoon; 1 steel plow for

div. 6; on motion of Clr. Sewell. Carried unanimously.

Pounds: Clr. Meurin reported that he had appointed Dominic Surrrette as Pound-keeper for div. 1, the Pound to be located on N.W. 23-42-1 W4M; and Secretary was instructed to advise Mr. Surrrette officially of the appointment.

Secretary: Clr. Lang moved that the Secretary be paid on a straight salary basis—instead of by salary and commission as at present. Carried.

Clr. Lang then moved that the Secretary be paid at the rate of \$150 per month, (but intimated, after some discussion, that if the vote should be tied, and some other member should move that the salary be \$200 a month, he would support same). There voted for: Clrs. Lang, Meurin and Atkinson. Against: Clrs. Ferguson, Sewell and Tunney. Reeve declared the motion lost.

Sewell moved that the Secretary be paid at the rate of \$2400 per year. Carried.

There voted for, Clrs. Ferguson, Sewell, Tunney and Lang. Against: Clrs. Meurin and Atkinson.

Estimates of Clrs. left over to next meeting.

Roads Appropriation: Clr. Lang moved that the sum of \$7000 be appropriated for roads (labor only) for the year 1925—this sum to include any and all Provincial grants for roads, Clr. Lang stating that his people would prefer to have the roads as they were, and open gates where necessary to keep down taxes. At this point Reeve Ferguson called Mr. Ryall to express his opinion in this regard, as concern his division. Mr. Ryall thought they would rather pay more in taxes for good roads than pay out a greater amount in additional upkeep for horses, harness and breakages.

Reeve Ferguson made a plea for \$8000 instead of \$7000, but eventually put the motion. There voted for: Clrs. Lang, Meurin and Atkinson. Against: Clrs. Ferguson, Sewell and Tunney; Reeve declared the motion lost. As it appeared to be impossible to make progress in this matter, same was tabled until next meeting.

Tax Rate: This matter was left over until next meeting.

Accounts: The following accounts were presented, and ordered paid on motion Clr. Atkinson: General Hospital. \$22.25; Mrs. Bingham (re G. Tizzard), \$30.00; Health Department, 6.25; Mothers Allowance, 25.00; J. Osborne (election) 10.00; G. M. Beattie, posting notices, 5.00, 11.00 and 14.00; W. E. Hughes (election) 15.00; Red Deer School 30.00 Chauvin Chronicle 12.00 and 19.50 T. W. Nelson, Returning Officer, 25.00. Carried.

Meridian Bridge: It having been stated that the Province intended to remove the bridge over the Battle River at the Meridian, and re-erect same at a point near Sideup, which, if done would be detrimental to those at present using the bridge, Clr. Sewell moved that a letter be sent to the Department of Public works, asking that this bridge be retained in its present position. Carried.

Secretary: Clr. Sewell moved that the Secretary be granted leave of absence for the period between meetings, either between this meeting and the next or be-

tween the May and June meetings at his convenience, for vacation, he to provide the services of his assistant during his absence. Crd. Unanimously.

Ribstone Creek: It having been reported by Clr. Tunney that the Ribstone Creek had been dammed near Heath for one or two seasons that an application had been filed with the Department of Interior for permission to dam the same this year, and that residents along the Creek had presented a petition objecting to this. Clr. Tunney moved that a letter be sent from this council to the proper authorities, asking that the application to dam the Ribstone Creek be not granted, and that said creek be left in its natural state for the use of all. Carried.

Medical Officer: Clr. Tunney introduced the matter of dividing the Municipal District into two portions for Medical Officer service—and, after discussion, moved, that Dr. Melling of Edgerton be appointed Medical Officer for this M. D. for the west side thereof, his district to be composed of the whole townships 42, 43, and 44, in range three, w 4th M. Carried.

Road Diversion: Blue prints having been received for a number of road diversions, the Council agreed to pay the prices set opposite each parcel.

Clr. Meurin moved that the meeting be adjourned, and that the next meeting be held at Chauvin on Saturday the 23rd day of May at 1.30 o'clock in the afternoon. Carried.

MARY ASTOR HAS

FEATURED ROLE IN

"UNGUARDED WOMEN"

Mary Astor, the youngest leading woman on the screen, has a featured role with Bebe Daniels and Richard Dix in the new Alan Crosland, Paramount Production, "Unguarded Women", which comes to Chauvin, next Monday.

One might say that Miss Astor literally trained to be a motion picture star from a very tender age. When a child, and she's only about eighteen now, she studied dramatic art, dancing and music, all with the thought of becoming at some time a finished actress. True, it was the legitimate stage she aimed for, but when pictures supplanted the stage in popularity, she changed, too.

Have you cleaned up the yard?

MISS BORREGARD

GRADUATES

Miss Ellen Borregard, after three years of training and study at the Edmonton General Hospital has successfully passed all examinations and has duly graduated as a fully qualified nurse. Miss Borregard received her diploma at the hands of the Lieutenant-Governor of the province, during the very interesting commencement ceremony in the Memorial Hall Edmonton, Friday April 18th.

Get a Man in the Moon for Easter at The Chauvin Pharmacy

During the past five years between 2,500 and 3,000 silos have been erected on Alberta farms, and the numbers being increased rapidly in all parts of the province.

NOW IS THE TIME

TO POISON THE GOPHERS

Any of these will kill your gophers:

Suredeath Strychnine 85c per oz., will poison about 1/2 bushel of grain.

Gopherside 75c per can will poison 1 gallon of grain.

Mickletons "My Own" \$1.50 per pkg. will poison 5 quarts of grain.

"Kilmore" Gopher Poison \$1.25 per pkg. will poison 5 pints of grain.

"Go-for-Em" \$1.00 per can will poison 6 quarts of grain.

We have all in stock, Any one properly used will make short work of your gophers.

The Chauvin Pharmacy

ON THE LIFE OF A MAN

Like to the falling of a star,
Or as the flight of eagles are,
Or like the fresh springs gaudy hue,
Or silver drops of morning dew,
Or like a wind that chafes the flood
Or bubbles which on water stood:
Even such is man, whose borrowed light
Is straight called in and paid to-night
The wind blows out, the bubble dies,
The spring entombed in autumn lies;
The dew dries up, the star is shot
The flight is passed—and man forgot.

—Henry King

Farm Machinery

CULTIVATORS: McCormick-Deering for all crops. One and two row, riding and walking, disk and surface cultivators. All varieties of shovels and beams. Also Lister Cultivators

THREE FURROW GANG PLOWS: The popular features of the P. & O. Two-furrow Diamond Gang Plow has resulted in a demand for a larger plow of the same design. The P. & O. Three Furrow Plow is easy to operate, powerful foot high-lift, automatic rear wheel control and light draft

CREAM SEPARATORS: McCormick-Deering Primrose, hand or power operated. Capacities 350, 450, 650, and 1000 lbs. Turns one-third easier than plain bearing machines

HARROWS & HARROW CARTS: Place your orders without delay for harrows of any description and save wasted time.

REPAIRS: We are better fitted than ever to give you good service in the matter of repairs

Dr. H. G. Folkins: Public Health 6.00

Moved and passed that above accounts be paid.

Resolved by the Village of Chauvin that we borrow the sum of two hundred dollars from the Bank of Montreal to meet current expenses of the Village of Chauvin, and that this was to be the first charge upon the 1925 taxes, and that the reeve and secretary make the necessary arrangement with the Bank. Crd.

Communications from North

Alberta Land Registration District. School Assessment for 1925. Report of Public Health for Village of Chauvin, also re Public Health Nursing Service. H. Skjeie re cleaning of L. Wilson premises. C. N. R. re assessment; were read and ordered filed.

Moved and passed that all yards etc. be cleaned up on or before May 15th. Carried.

Meeting adjourned.

C. A. S. DIRECTORS TO
EXPERIMENT IN GROWING
TREES & SHRUBS LOCALLY

The directors of the Chauvin Agricultural Society have decided make a co-operative effort to discover the most suitable varieties of shrubs, flowers and trees for thsi district. With this end in view Messrs A. E. Keith; L. Fahner and C. W. Ryall visited the Scott Experimental Farm, Tuesday April 14th, the expenses being pooled by the directors who are paying all expenses from their own pocket.

The Chauvin delegates were given a cordial welcome by Mr. Mathews (late of Lethbridge Station), Mr. Tinline having been promoted to Brandon. A very active day was spent overlooking the various plots of trees, shrubs and the flower beds, and obtaining information at to culture. They also brought back a large consignment of plants for distribution among the directors of the Agricultural Society.

They report that the officials of the experimental station were exceedingly busy, as the rush of spring work was just beginning. There was plenty off moisture at the Scott farm, snow having laid six feet ddeep in the tree plots evidence of this was to be observin the height of the rabbit shewings. The officials had had quite a combat with the rabbits and found that a poisoned mixture of red oats was the most successful means to reduce their numbers.

Here and There

"Canada has a fine record of musical and artistic students who work under the auspices of the Royal College of Music," says Sir Hugh Allen, director of the London institution, who is making a tour of Canada in the interests of the College.

Canada exported 143,592,500 pounds of woodpulp during February, of which 133,891,000 went to the United States and to Great Britain, none. Our newsprint exports had a monetary value, in the same month of about seven and a half million dollars.

Two hundred and sixty thousand acres of land in central and northern Alberta will be settled by the British Land Settlement Corporation, it is announced. They are located north of Edmonton and from north of Vermilion to Wabuman, west of Edmonton.

Approximately 750,000 tourists, apart from delegates to conventions, visited Montreal last year by railway, steamer and automobile, according to an estimate compiled by the Montreal Tourist and Convention Bureau. It is anticipated that the influx for the current year will be even greater.

Geraldine Farrar, famous prima donna, who gave a recital of Carmen in Ottawa and Montreal recently, had a run in with the U.S. Customs at the border on her return to the United States. It was claimed that champagne and fine wines were found stored in the piano of her sumptuous private car, but the great singer says it was only near-beer.

England's great military spectacle, the Aldershot Military Searchlight and Torchlight Tattoo, which is held annually in aid of the Aldershot Command Charities, is being presented this year from the 16th to the 20th of June and will, as usual, be contemporaneous with Ascot Week. The special feature is to be a Pageant of Battle which will recall some of the famous engagements of the British Army. Nearly 100,000 patrons attended last year.

A total of 1,003,672 barrels of apples have been shipped to the English market from Halifax since the beginning of the shipping season up to February 24. London took 354,715 barrels and Liverpool and Manchester came second and third with 267,823 and 172,685 barrels respectively.

Eighty-four thousand automobiles are now being operated by citizens of the Province of Quebec equivalent to an average upkeep of \$300 per year each, a total expenditure for maintenance alone of \$25,000,000 every year, according to figures supplied by the Montreal Automobile Trade Association.

Around 16,000 horses were shipped from western Canada to eastern Canada in 1924, most of them coming from Saskatchewan. This province is maintaining its lead as the greatest horse-breeding centre of the Dominion, with a total of 1,170,745 head, an increase of 33.44 per cent over 1923.

The steamship "Princess Marguerite" successfully passed her trials on Clydebank when she developed an average speed of 22.56 knots and a best run of 23.2 knots per hour. Together with the "Princess Kathleen" she will be used on the Seattle-Vancouver-Victoria route this coming season.

Monsignor Heylen, Bishop of Namur, Belgium, and permanent president of the Eucharistic Congress, arrived at St. John, N.B., last week on the "Montrose." His Lordship was on his way to Chicago where he will make preparations for the Congress, to be held there in June, 1926.

To enable French-Canadian students to become acquainted with Western Canada, the Universite de Montreal has organized a 28-day trip to the coast from Montreal next July. They will pass through Winnipeg, Regina, Moose Jaw, Calgary, Edmonton, Banff, Vancouver and Victoria, with stop-overs at Lake Louise, Field, Glacier, the Fraser Canyon and other beauty spots of the Canadian Rockies.

Student tours, operated by the Canadian Pacific in conjunction with McGill University, are to be extended this summer to include students from the British Isles. Heretofore, these tours have been restricted to scholars in other parts of Canada and in the United States. As Montreal is regarded as an ideal centre for the study of the French language, it is anticipated that the new project will attract many visitors to the Canadian metropolis.

The body of Dr. Sun Yat Sen, President of Southern China lay in state in a wonderful blue-tiled old Temple near the "Altar of Heaven," during the long drawn out ceremonies at Peking attendant upon his interment. Through the courtesy of the government the bier was viewed by a large party of Canadians and Americans touring the world on the Canadian Pacific S.S. "Empress of France." They were also invited to attend the final burial rites which, with a wealth of colorful Chinese ceremony took place later in the Western hills.

"Relations between France and England were never more cordial than they are to-day," said Hon. W. C. Nichol, Lieut.-Governor of British Columbia, interviewed on his return to Canada from a visit to France. Referring to his own province His Honor said there was every indication of British Columbia being swamped with tourists this year.

Lauchlan McLachlan, of Toronto, after serving nearly fifty years on the employ of the Canadian Pacific Railway has been retired on pension at his own request. He was presented at leaving with an embossed address and gold watch and chain, which were handed to him by B. W. Scott, superintendent of Toronto Terminals, on behalf of his friends and associates.

Sweeping changes in the Canadian Pacific Railway's service of great benefit to the communities concerned are scheduled for January 11. They include revision of the timetable of the Vancouver express (Toronto-Vancouver), to reach Fort William and Port Arthur between 10 and 11 p.m., instead of 2 and 3 a.m., and Winnipeg at 10 a.m., instead of 2.30 p.m., as heretofore. The new times are more convenient to the Twin Cities than the old and a half-day is gained for business in Winnipeg. Regina is to be reached by the same train at 11 p.m. instead of 1.20 a.m., and Moose Jaw at midnight instead of 2.45 a.m., Regina-Saskatoon connections being thus radically improved, while arrival at Calgary at 4 p.m. enables Edmonton to be reached that evening. Vancouver is reached at 7 p.m. instead of 9.30 p.m. as previously. The Toronto Express (Vancouver-Toronto) reaches Winnipeg more conveniently, while arrival at Toronto at 8.40 a.m. will make possible connections with early morning trains for Ontario points and with day trains for American cities, thus saving more time. Gains on other trains between Montreal, Ottawa, Toronto, Chicago and Winnipeg are also scheduled. These arrangements follow the cancellation of the recently inaugurated train between Winnipeg, Montreal and Toronto, which is to come off January 10.

"A dime's worth of sodium bicarbonate for indigestion at this time of night!" cried the infuriated druggist who had been aroused at 2 a.m., "when a glass of hot water would have done just as well!"

"Weel, weel," returned Sandy hastily, "I thank you for the advice, and I'll no bother ye after all. Good night."

Teacher: (to new boy) "What do they call you at home?"
Boy: "Flannel, miss."
"But, why?"
"Because I shrink from washing."

Dauhter: "But isn't he a nice young man, mamma?"

Mother: "Not at all, my dear. He reminds me of your father at his age."

His bagpipe playing was the chief thing that mattered to him in life. One night while he was strutting about the room, skieling for all he was worth, his wife attempted a mild and very belated protest.

"Jock," she said, "that's an awfu' noise you're making."

Jock sat down and took off his boots, then got up and resumed his piping in his stocking soles.

PRICE LIST OF
Trees - Plants - Shrubs

FOR SPRING DELIVERY 1925

ONLY HARDY VARIETIES SUITABLE FOR THIS DISTRICT ARE LISTED

TREES AND SHRUBS

MAPLE SEEDLINGS, 1 year, 6 to 10 inches	per 100	1.50

LOCAL HAPPENINGS

Miss M. Sewell was a visitor to the Sewell farm during Easter week.

Rev. P. F. MacSween is paying a visit to his home at Opal this week. He will be back in Chauvin in time for next Sunday's services.

Mr. G. M. Beattie is opening an ice cream parlor on Main St. in the next building to the Killarney hotel.

Mr. D. McIntyre of the Fuller Brush Co. arrived in Chauvin and expects to be with us in our town and district for the summer. Watch for his call. He has one Fuller product free for each housewife upon whom he calls.

Mr. H. N. Freeman left for Edmonton by Sunday evening's train. We regret to learn that he finds it necessary to receive further hospital treatment.

Mr. Roy Parcels has invested in a Ford truck.

Mrs. J. L. King returned to Mundare last Friday evening, after visiting her parents, Lt.-Col. and Mrs. W. Rodden.

Mr. John Couchesne has purchased a four furrow disk plow (not harrows as was inadvertently stated last week).

Mr. J. Semple is beautifying his farm premises by planting some twelve hundred Caragana trees.

Messrs Parcels and Foxwell shipped a carload of live stock from Chauvin Monday last.

Mr. T. H. Armour has added a new duck foot cultivator to his farm equipment.

Mr. J. Murray, of the local bank, has been transferred to the Chipman branch.

To correct any misunderstandings. McGavin's bread is sold at Saker's. Each loaf weighs full twenty ounces. The price is 12c per loaf, shipments arrive fresh every day.

Miss D. Baxter returned on Saturday from attending the teachers convention at Edmonton.

H. C. Dunlop, of Edgerton, was a prize winner at the Edmonton Spring Stock show.

Edgerton will not have a district school fair, but a date has been set for the Agricultural Fair

NOTICE

The Annual meeting of the Chauvin Athletic Association will be held in A. E. Keith's office at 8 p.m. on Friday, April 24th. W. J. Cubitt, Secretary.

How is your stock of stationery? We do printing of letterheads, statements, envelopes etc. Take stock of your needs and we will be pleased to quote you prices on anything you may need in this line.

The Chauvin Chronicle

FACTS ABOUT BEE DISEASES

(Experimental Farm Note)

There are comparatively few bee diseases and there few may be divided into two classes, namely, those that attack the adult bees and those that attack the brood. Of the former there is but little known. The Isle of Wight disease, the cause of which has been recently found to be a mite locating in the spiracles or breathing tubes of the bee, is so far unknown on this continent. Paralysis, another disease of adult bees is of little importance in this part of the country. Bees affected by this ailment, the cause of which is unknown, tremble and have a dark, greasy appearance.

Diseases of the brood, however, are of much more concern to the beekeeper. The most important of these are: American Foulbrood, caused by an organism called Bacillus larvae, which will eventually destroy a colony unless man intervenes and treats it; European Foulbrood, caused by Bacillus pluton, which may be overcome by a strong colony; and Sacbrood, caused by an unknown, exceedingly minute organism.

The first two diseases every year cause very heavy losses throughout the country, and it should be each beekeeper's business to become familiar with the symptoms and the prescribed treatment for such. If he has no literature on the subject he may secure a copy of "Bee Diseases" from the Bee Division at the Central Experimental Farm Ottawa. Great care is necessary in diagnosing as the application of the wrong treatment will but spread the disease. Should the beekeeper have doubts, he should forward a sample of diseased rood to the Bee Division for Analysis, and thus prevent making a costly error.

Bee diseases are a menace to bees only. The organisms which cause these diseases have no effect on human beings; therefore the consumer of honey need have no fear when he hears of their existence.

A hundred pounds of B. C. granulated sugar will cost only eight dollars and forty-five cents at Saker's this week.

Mrs. S: "Did I see you on Jack's lap last night?"

Miss S: "I hope so! The time is drawing near when a witness would be a great help."

Better quality groceries—clean, well looked after, fresh. For less money at Saker's.
